Objection to Annual Wage Order No. 16

**By Painters District Council No. 3 and its Glaziers Local 558
OBJECTOR**

COMES NOW Painters District Council No. 3 and its Glaziers Local 558, and files its objection to Wage Order No. 16 as it relates to the determination of the prevailing wages for the classification of Glaziers in **Platte County, Missouri**. In support of its objection, the Union states as follows:

1. Painters District Council No. 3 and its Glaziers Local 558 ("Objector") with its principal office in Kansas City, Missouri, represents members who perform work with signatory contractors to a collective bargaining agreement throughout the State of Missouri, including **Platte County, Missouri**. The members perform work as defined by the occupational title "Glazier" and set out in 8 C.S.R. 30-3.060. As a representative of its membership, it is an affected party of the determination of the prevailing wage rates for glaziers.

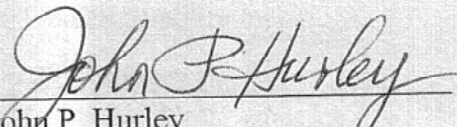

2. Wage Order No. 16 sets the prevailing basic hourly wage rate in **Platte County, Missouri** at thirty three dollars (\$33.00) per hour. In addition, the total fringe benefit package is set at three dollars and nineteen cents (\$3.19) per hour.

3. Objector asserts that the correct prevailing basic hourly wage rate in **Platte County, Missouri** is thirty-one dollars and sixty cents (\$31.60) per hour. In addition, Objector asserts that the correct fringe benefit total package should be thirteen dollars and eighty-five cents (\$13.85) per hour.

4. Objector's assertions are based upon wage and fringe benefit rates established by collective bargaining agreements ("CBA") in effect during the relevant period.

5. Under the wage rates established by the CBA, members of the objecting Union performed a substantial number of hours of work as glaziers during the relevant period at the above-quoted basic wage rate and the fringe benefit total package rate which will be substantiated through the submission of Contractor's Reports of Construction Wage Rates at a subsequent time prior to pre-hearing. For the foregoing reasons, Objector requests that the prevailing basic hourly wage rate for glaziers in **Platte County, Missouri** be adjusted to thirty-one dollars and sixty cents (\$31.60) per hour and the fringe benefit total package rate be adjusted to thirteen dollars and eighty-five cents (\$13.85) per hour.

Respectfully submitted,
